

# POLISH - PORTUGUESE SYMPOSIUM ON BIOMATERIALS

AGH UNIVERSITY OF KRAKOW

08.10.2025, BUILDING B8, ROOM 1.11

*To exchange ideas, research results, and perspectives within the field of biomaterials science and engineering. To meet, discuss, seek collaboration, and enhance partnership between Polish and Portuguese biomaterials scientists.*

## PROGRAM

### AM: EXPERTS' PANEL

**Cristina Barrias** (University of Porto): "Modular Bottom-up Strategies for Microvascular Network Assembly"

**Aneta Zima** (AGH University of Krakow): "New Trends in Bioceramic Materials for Bone Regeneration"

**Judite Barbosa** (University of Porto): "Immunomodulatory Biomaterials as a Bridge Between Inflammation and Tissue Regeneration"

### PM: NEXT-GEN BIOMATERIALS: STORIES FROM THE LAB

**Konrad Kwiecień** (AGH University of Krakow): "Inhalable Dry Powders from Polyanhydride Microparticles as a Weapon Against Pulmonary Infections"

Short oral presentations by PhD and MSc students to see the most up-to-date research results

Endorsed by:

Faculty of Materials Science and Ceramics,  
AGH University of Krakow

*Prof. Włodzimierz Mozgawa, Dean*

Polish Society for Biomaterials

*Prof. Elżbieta Pamuła, President*

Polish Chapter of the ESB-Young Scientist Forum

*Dr. Patrycja Domalik-Pyzik, YSF-ESB Board Member*

*Dr. Konrad Kwiecień*

European  
Society for  
Biomaterials

**No Fee!**  
Registration
